

STID3113 RESEARCH METHODOLOGY IN IT

ASSIGNMENT 3

(20% - writing; 10% peer evaluation)

After data collection and data analysis, it is time you report your findings. There are various ways in which you can report research findings. One of the ways is by communicating it in the form of conference article. Write a research article using the real **International Conference of Computing and Informatics, ICOCI 2017 template** as uploaded on Online Learning. Pages should NOT exceed six (6) pages as stated in the template. Please adhere to the format of the article that includes captions, figures, tables, citations and references.

Important note

Please proof read your writing (make it a habit) prior to submission.

Submission

Submit your Assignment 3 on **ONLINE LEARNING** latest by **5.00 p.m 9th DEC 2018**.

A TEN-minute PRESENTATION is scheduled to be on **Monday, 10th DEC 2018** (class).

Please also bring a hardcopy of your paper and submit to me before your presentation.
